Experiences

RAM LINE – GRINDER/POLISHER | CROWN EQUIPMENT CORPORATION | OCTOBER 2012 – FEBRUARY 2013

- Grind and polish rams to specification for chrome plating and fork lift hydraulic cylinders.
- Operated a hoist to place rams on and off the line.
- Used a micrometer to make sure that the rams meet the specific diameter qualifications.

CYLINDER ASSEMBLY | CROWN EQUIPMENT CORPORATION | OCTOBER 2012 – FEBRUARY 2013

- Operated a hoist to place cylinders on and off the line.
- Washed empty cylinders before sending them down the line to be built into a hydraulic cylinder.
- Assembled hydraulic cylinders.
- Perform pressure tests on completed cylinders to be sure of no leaks around welds or fittings.
- Operated a stand up forklift to move skids of cylinders to the paint booth to be painted with a paint gun.
- Painted the completed hydraulic cylinders and forklift masts.

LABORER | CROP PRODUCTION SERVICES | FEBRUARY 2013 – FEBRUARY 2016

- Operate a forklift to move skids of seed and boxed chemicals and fertilizers.

- Operate a skid loader to mix and load dry fertilizer.
- Mix liquid chemicals and fertilizers to be loaded into spray rigs and tender trucks.
- Unload bulk loads of chemicals into correct tanks.
- Load bulk chemical and fertilizer tanks for customers.
- Calibrate product pumps for customers
- Load seed into hopper wagons.
- Get GPS based soil samples from customer fields.
- Paint Anhydrous Ammonia tanks.
- Take physical inventory of all dry and liquid products.
- Service machinery.

MATERIAL HANDLER | KLOCKNER PENTAPLAST OF AMERICA | FEBRUARY 2016 - CURRENT

- Operate stand-up forklift to load boxes of material into a dumper to be dumped into material bins.
- Keep material bins full so production lines can run as smoothly as possible.
- Use SAP to locate any material that is needed for jobs.
- Load finished goods onto a trailer to be shipped.
- Help out on the production line when and wherever assistance is needed.
- Grind material in grinders to recycle back into machines.
- Communicate with operators to make sure they have everything they need.
- Take physical inventory of materials.
- Operate a floor sweeper to keep aisle ways clean and clear.

GROUP LEADER | CROWN EQUIPMENT CORPORATION - MINSTER | APRIL 2017 – JANUARY 2019

- Oversee and help run the multi-function handle line.
- Record inventory when needed.

GROUP LEADER | CROWN EQUIPMENT CORPORATION - GREENVILLE | JANUARY 2019 – JANUARY 2020

- Inventory control.
- Release production and replenishment orders through BaaN.
- Update daily reports via Excel.
- Oversee and lead a group of employees in their daily tasks.
